Technical Lead

Deshifarmer[View all jobs of this company.](#)

Vacancy

Not specific

Job Context

- Do you have interest in startup?
- We are seeking an enthusiastic and skilled Technical Lead to join our team. This role offers the opportunity to lead a team of developers across 2/3 startups within both local and USA Based. As a pivotal team member, you`ll have the potential to progress into the Chief Technology Officer (CTO) position, alongside company shares and an attractive salary package in future.

Job Responsibilities

- Lead and oversee a team of developers working on various projects across local and international startup ventures.
- Recruit, mentor, and manage a talented group of developers, fostering an environment conducive to innovation and efficiency.
- Collaborate closely with project stakeholders, managers, and cross-functional teams to define project goals, requirements, and timelines.
- Provide technical expertise and guidance, ensuring adherence to best practices, scalability, and high-quality software development.
- Drive exploration and implementation of new technologies and methodologies to enhance team performance and project outcomes.
- Act as a technical representative, engaging with clients, partners, and investors as needed.

- Contribute strategically to the decision-making process regarding technology, product development, and scalability initiatives.
- Prepare and deliver reports, updates, and proposals to the executive team and stakeholders.
